

***Faster drilling
than the
original TekS® 5,
with the
same great
performance!***

PATENTED DRILL POINT

New!

TEKS® 5.0

APPLICATIONS

- Metal deck to structural steel or bar joist
- Liner panels to structural steel or bar joist
- Clip to structural steel or bar joist
- Accessories to structural steel or bar joist

FEATURES

- Patented drill point improves drilling performance in 1/8" through 1/2" steel
- Engineered for fast drilling and smooth tapping with less effort
- Climaseal finish provides excellent corrosion resistance and lower tapping torque
- Attaches up to .450" of material
- American Manufacturing

Attaches up to .450"
of material

Engineered for fast drilling
and smooth tapping
with less effort

Climaseal finish provides
excellent corrosion resistance
and lower tapping torque

Patented drill point
improves drilling performance
in 1/8" through 1/2" steel
